◦**Automation & AI:** n8n Workflow Automation , AI Fundamentals, Prompt Engineering, AI assisted Data Analysis, Generative AI (ChatGPT, Google Gemini, Microsoft Copilot, Claude)

WORK EXPERIENCE

Business Analyst Intern **Mar – Jun 2026**

Ai Variant, Bangalore

- Collected, cleaned, and analyzed data using SQL, Microsoft Excel, and Power BI to identify trends, improve data quality, and support data driven business decisions.
- Developed interactive Power BI dashboards and KPI reports to monitor business performance and deliver actionable insights to stakeholders.
- Performed data validation, data cleaning, and exploratory data analysis (EDA) to ensure data accuracy and data quality assessment.

Business Development Intern **Sep – Dec 2025**

Sketch Brahma Technologies, Bangalore

• Conducted market research, data analysis, and competitive analysis to identify business opportunities and support strategic decision-making.

• Collaborated with stakeholders and cross-functional teams to gather business requirements and define project objectives.

• Prepared BRD/FRD documentation, business reports, and presentations to communicate data-driven insights and support business initiatives.

PROJECTS

HR Analytics Dashboard | GitHub Link

- Analyzed workforce data for 50K+ employees across 6 departments using Excel, SQL, and Power BI, identifying a 50.21% attrition rate and delivering data-driven recommendations to improve employee retention.

Datarythm AI | Live Demo

- Developing an AI-powered analytics tool to analyze user data, generate actionable insights, and present results through interactive dashboards.
- Developing features for data cleaning, automated reporting, KPI analysis, and data visualization to simplify business decision-making.

What-If Business Simulator | Live Demo

- Built an interactive business simulation tool using AI to perform scenario analysis, visualize outcomes through dashboards, and support data-driven decision-making using dynamic business inputs.

EDUCATION

Bachelor of Engineering (B.E.) – Electronics and Communication Engineering

Bannari Amman Institute of Technology | 2022 – 2026 | Percentage: 70%

CERTIFICATIONS

- Microsoft Certified: Fabric Analytics Engineer Associate
